

2022 COMPANY FACT SHEET

WHO WE ARE

Nuvve is leading the electrification of the planet, beginning with transportation, through its intelligent energy platform. Combining the world's most advanced vehicle-to-grid (V2G) technology and an ecosystem of electrification partners, Nuvve dynamically manages power among electric vehicle (EV) batteries and the grid to deliver new value to EV owners, accelerate the adoption of EVs, and support the world's transition to clean energy.
